

# My Grading Policy

August 25, 2020

Dear Parent or Guardian,

Throughout your child's World Geography course, he or she will have many opportunities for learning, growth, and achievement. I will be monitoring your child's progress with the following grading policy.

## World Geography Grading Policy

Category	Final Grade Percentage
Minor assessments	40%
Major assessments	60%
<b>Total</b>	<b>100%</b>

Each of the above categories plays an important part in your child's learning.

**Homework:** Students will be assigned homework several times per week. Homework may be a reading assignment, a worksheet, review questions. I encourage you to review your child's homework on a regular basis so that you know how well your child is doing.

**Quizzes and Tests:** To ensure that students are regularly completing and understanding their course work, I usually will administer one quiz per week. I assess students' progress with a more formal test at least once per grading period. If your son or daughter earns a test grade of C or lower, please encourage your child to visit with me about ways to improve his or her progress.

**Projects:** I anticipate assigning at least one project per grading period. Special projects are fun and challenging additions to your child's course work.

**Class Participation:** Active participation in class discussion will help your child develop his or her interpersonal skills. To earn full class participation points your child must routinely contribute to class discussion.

Please know that it is my priority to ensure that each student has adequate assistance and ample opportunity to succeed in this class. If throughout the term you have any questions about the class or your child's progress, please feel free to contact me at [insert school number].

Sincerely,

Heriberto Rodriguez
